

Certainty can be effortless with Accuro

Accuro®

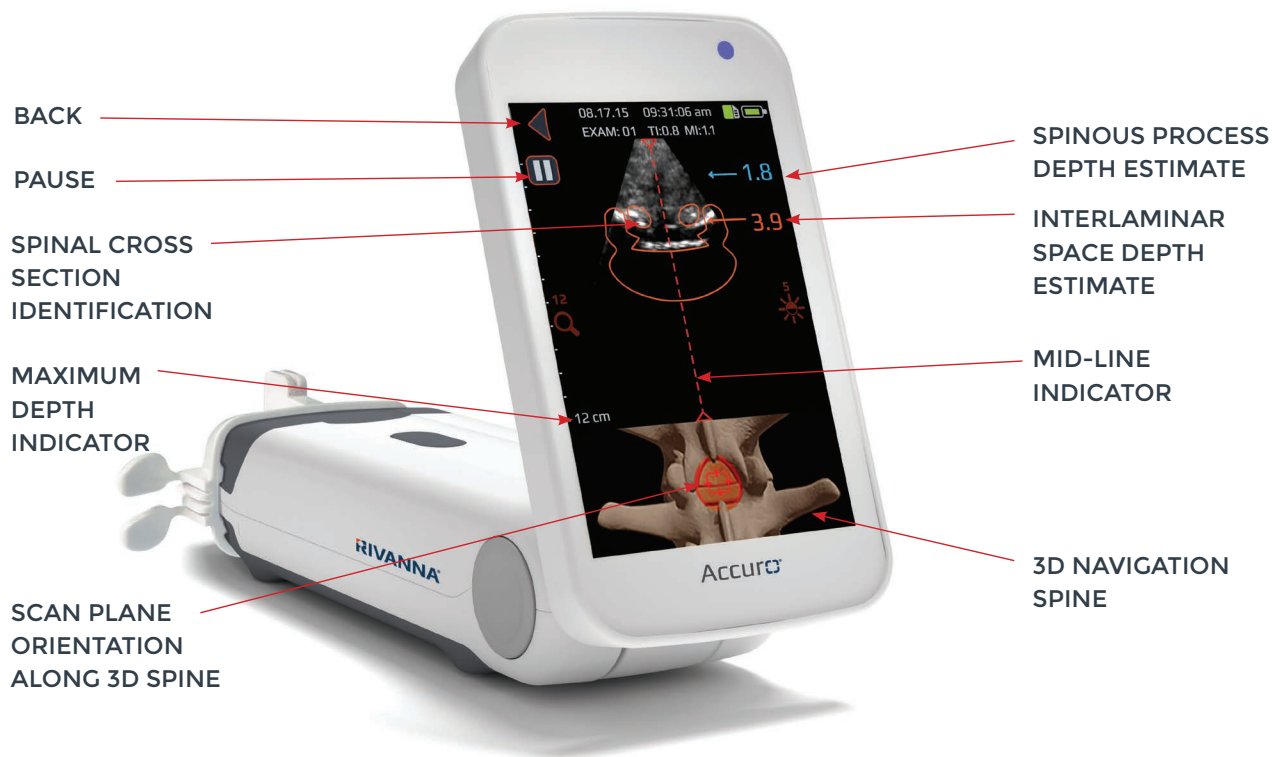

See what other ultrasound systems cannot.

Accuro's industry-first technology enables you to see what other ultrasound systems cannot see.

- **BoneEnhance®**, which is designed to visualize bone landmarks;
- and **SpineNav3D™**, which guides you with automatic epidural location and depth.

Simply superior:

- Easy-to-use, automated image interpretation
- Superior imaging performance
- Portable, handheld form factor with rotatable touchscreen display
- Pocket size and battery operated

Certainty can be effortless with Accuro

Accuro®

Intentionally Simple. No strings—or sonographer—attached.

Accuro is a self-contained unit consisting of an ultrasound system, ultrasound probe, and rotatable touchscreen display.
